# Sand Star III

## **Grooming Made Easy**

Boasting a selection of over 50 accessories, Smithco's Sand Star III stands out as the preferred sand groomer for golf course superintendents and grounds directors seeking exceptional traction, heightened stability, and a diverse range of implements. Crafted with top-notch industrial-grade materials, this durable machine is designed for longevity.

#### PERFORMANCE

Optimal raking is achieved with the "Speed Boss" Speed Control System. Spend less time fixing mistakes, leaving your course or field in optimal condition on the first try.

#### PRODUCTIVITY

Both center and rear implements as well as plows, key switches and other controls are located conveniently in operator position. The operator seat and controls are ergonomically designed for safety and comfort, increasing the operator's productivity.

#### OPTIONS

With over 50 accessories and industrial-grade components, Smithco's bunker rakes and groomers are built to last as your course or field changes and grows.

#### INTERCHANGEABILITY

Smithco's Sand Star's are equipped with a single point quick hitch for easy interchangeability of implements and attachments. You spend less time manuevering equipment and more time getting the job done.

### Exceptional Service and Products Since 1967 smithco.com
