

Your greens will be the envy of others when you own the NV 3x3™!

With over 20 years of greens rolling knowledge and experience, True-Surface® has created the all new NV 3x3™ greens roller. The True-Surface® NV 3x3™ is a non-vibratory greens roller that uses an innovative tri-rolling system to smooth the greens. Its universal design allows you to attach the roller to any Toro, John Deere, Jacobsen, G-Plex, and Ransome triplex greens mowers.

Experience the Benefits of the NV 3x3™...

Tri-Rolling System - 3 rollers for a smooth surface

Adjustable Weights up to 160 lbs each - Add up to (4)
5 lbs weights per roller
